**IMPORTANT NOTICE
RE: UTILITY PLUMBING
PERMIT APPLICATIONS**

In response to an item on the Business-Friendly Action Item List (#PER 20), effective July 1, 2011, a *separate* Utility Plumbing Permit will no longer be required when the work will be performed by the same licensed Plumber doing the inside plumbing work. The Residential Plumbing Permit Application and the Non-Residential Plumbing Permit Application have both been revised to include Utility Plumbing categories to select.

Please note that there will no longer be an application form solely for Utility work. When only Utility work is being requested, the Residential or the Non-Residential application form will be used.

If you have any questions regarding this change, please feel free to contact any of the following Staff:

- Shannon Walters, Senior Permit Technician, 301-600-1095
- Pamela Moulton, Customer Service Supervisor, 301-600-1089
- Larry Willard, Chief Plumbing Inspector, 240-674-4122
- Sharon Goetz, Manager of Permitting Services, 301-600-1082
